WELCOME TO

Sign Network Architectural Products Inc.

At our **Industrial Division**, part of Sign Network, we specialize in high-performance visual communication solutions tailored for industrial and warehouse environments. From custom signage and floor tapes to complete safety system integration, we help businesses enhance organization, improve safety compliance, and optimize operational flow.

Our Services Include:

- Custom Warehouse Signage
- Floor Marking Tapes & Systems
- Safety Signage & Visual Management
- Industrial Protection Solutions

Proudly designed, manufactured, and installed by Sign Network experts.

WE'VE COMPLETED **33,000 PROJECTS**
MANUFACTURING OVER **15 MILLION SIGNS**

Warehouse Signage

WAREHOUSE SIGNS THAT WORK AS HARD AS YOU DO

Clear, durable, and easy-to-read signs are critical to maintaining efficient operations. We design and install a wide range of warehouse signs, including:

- **Overhead aisle signs** for easy navigation
- **Rack and bay markers** for quick inventory management
- **Dock and shipping signs** for streamlined logistics
- **Custom ID plates and panels** for specialized areas

Built to withstand the toughest environments, our signs are made from industrial-grade materials, ensuring long-term visibility and performance.

Safety Signs & Floor Decals

PRIORITIZE SAFETY WITH HIGH-VISIBILITY SOLUTIONS

Safety is the cornerstone of every successful facility. We provide custom safety signage and floor decals that communicate essential information at critical points:

- Hazard and warning signs
- Directional arrows and walkways
- PPE requirement reminders
- Emergency evacuation and fire exit signage

All products meet or exceed industry compliance standards and are customized to your operational needs.

Custom Floor Marking Tapes

PRECISION MARKINGS FOR ORGANIZED MOVEMENT

Maximize your workspace efficiency with our heavy-duty floor marking tapes and installation services. Our solutions are engineered for industrial use, offering:

- High-visibility lane markings
- Durable hazard striping
- Color-coded zone identification
- Custom patterns and logos

Professional installation services ensure clean lines, perfect placement, and long-lasting durability, even under heavy traffic.

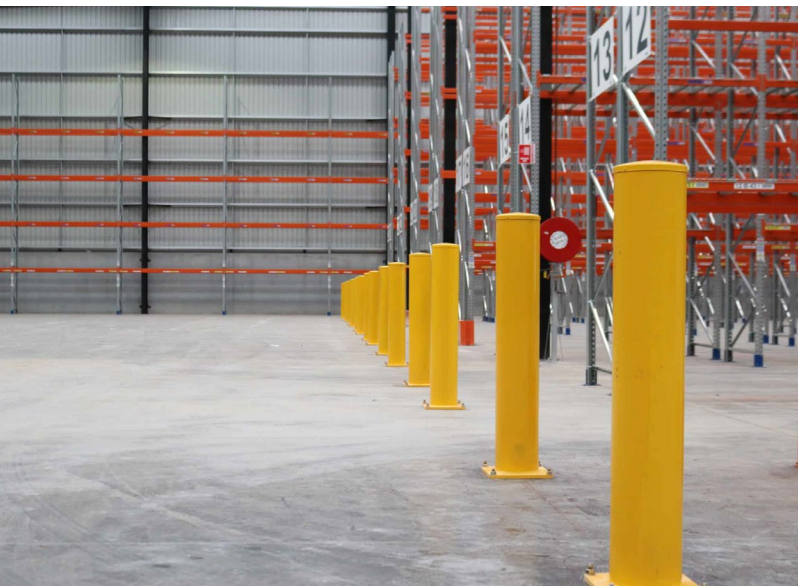

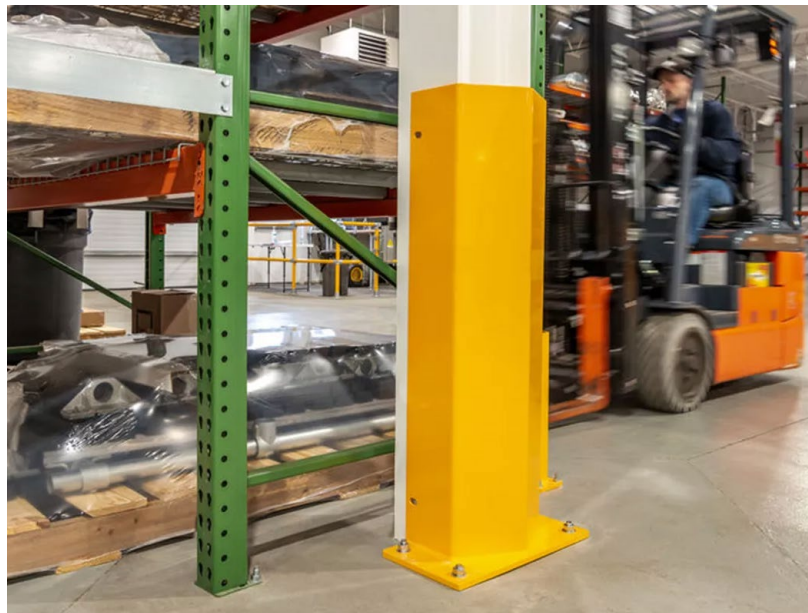

Industrial Safety Solutions

PROTECT YOUR PEOPLE, EQUIPMENT, AND OPERATIONS

Beyond signs and tapes, we offer integrated industrial safety solutions, including:

- **Protective barriers** and **column guards**
- **Safety mirrors** for blind spots
- **Equipment protection systems**
- **Dock bumpers** and **bollards**

Every facility is different, our team works with you to design tailored safety strategies that mitigate risk and improve compliance.

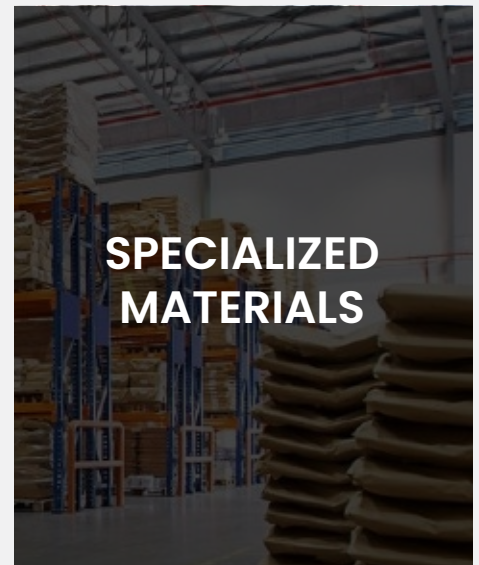

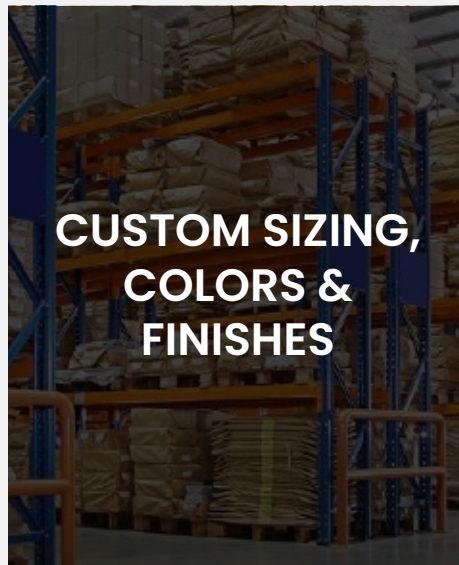

Our Process & Customization

YOUR FACILITY, YOUR SOLUTION

Every project begins with understanding your specific environment and needs. Our process includes:

- 1** CONSULTATION & SITE REVIEW
- 2** DESIGN & MATERIAL SELECTION
- 3** MANUFACTURING WITH INDUSTRIAL GRADE MATERIALS
- 4** EXPERT INSTALLATION & QUALITY ASSURANCE
